

June 9, 2015

Dear Marion,

Thank you again for inviting Juan Garza and Central Health to present at last week's Hispanic / Latino Quality of Life Commission meeting. As promised, I wanted to follow up with the group regarding some questions.

- Number of Medical Access Program (MAP) enrollees: For Fiscal Year 2014, there were a total of 42,240 MAP enrollees.
- More information about Community Engagement strategy. Please find attached a Community Engagement summary document. It includes background information on the project and an overview of the community engagement initiatives and tools utilized to date.

I also mentioned a few other pieces of information that I would like to share:
